

NATIONAL CONSTRUCTION SAFETY OFFICER PROGRAM (NCSO) - ACSA

**WE ARE LOOKING TO HOLD THE COMPLETE NCSO PROGRAM PROVIDED
BY THE ALBERTA CONSTRUCTION SAFETY ASSOCIATION IN LLOYDMINSTER**

Need 12 people interested to hold the complete program – Let us know if you are interested.

The primary objective of this program is to provide entry-level safety training for individuals. An NCSO is a valuable resource to management in developing, implementing and administering the company's Health and Safety Program. Certification indicates that the participant has completed a program of studies in various construction-related health and safety management skills and principles. This program is recommended for health and safety practitioners who wish to receive construction-focused training and achieve recognition as a National Construction Safety Officer throughout Canada.

To obtain NCSO status you must successfully complete a minimum of 13 courses (11 compulsory and 2 elective)
